WORK EXPERIENCE

WEBDEVELOPMENT INTERN | INTERNSHALA

AUG'2024

- Developed a strong foundation in HTML, CSS, and JavaScript, enabling effective front-end web development.
- Enhanced skills in creating responsive web designs and implementing user-friendly interfaces.
- Gained experience in debugging, optimizing code, and utilizing frameworks to build dynamic web applications.

WEB MASTER | ACM STUDENT CHAPTER JNTU-GV

- Working as the webmaster of the ACM student Chapter

PROJECTS

ROCK PAPER SCISSORS | HTML, CSS, JAVASCRIPT

DEC' 2024

- Developed an interactive Rock-Paper-Scissors game using HTML, CSS, and JavaScript for user entertainment.
- Designed a responsive user interface with modern CSS techniques, focusing on user experience and accessibility.

CALCULATOR | HTML, CSS, JAVASCRIPT

- Developed an interactive calculator using HTML, CSS, and JavaScript for performing basic arithmetic operations.
- Implemented event-driven programming to handle user inputs and dynamically update calculations in real time.

PORTFOLIO | HTML, CSS

- Developed a personal portfolio website using HTML and CSS to showcase projects, skills, and experience in a visually appealing manner.
- Designed a responsive and user-friendly layout with smooth navigation, ensuring accessibility across different devices.

CAR RENTAL | USING WEBDESIGN

MAY'2023

- A Car Rental Website is a web-based platform where users can browse, search, and book rental cars conveniently.
- The front-end of this project includes a user-friendly interface with features like car listings, a search bar, filters for vehicle selection, booking management, and secure payment integration.
- The design prioritizes accessibility, ease of navigation, and responsiveness to ensure a seamless experience across different devices

TO-DO LIST | USING REACT

- Developed a dynamic and interactive To-Do List application using React, utilizing useState and useEffect hooks for efficient task management.
- Designed a responsive and user-friendly interface with modern CSS, ensuring a seamless experience across devices.

CLOCK | USING REACT

- Built a real-time clock using React, leveraging the useState and useEffect hooks to update time dynamically.
- Designed a responsive and visually appealing interface with modern CSS for a seamless user experience across devices.
